English-Portuguese Flash Cards – 100 Phrases

Congratulations!

By downloading this volume of the series **English-Portuguese Flash Cards** © you are about to improve your performance overnight.

Have you ever thought about which sentences people say at similar circumstances around the world? For instance, if you want to know the time and forgot your watch, what will you ask someone?

The version for “What time is it?” in the language of the country you are in, of course!

According to where, when or whom you are with, some phrases are likely to be said or heard, right?

That’s how this e-book on Portuguese Phrases came to be. The pages on my Web site dedicated to this matter stand among the most visited ones.

The present Flash Cards include only 100 of them, but you have specific audio and videos online to expand your vocabulary. Have I told you they are totally FREE?

Here are some useful tips to use this e-book:

- Print pages 3 to 11. Cut the Flash Cards out. Keep some of them with you wherever you go.
- With some friends, shuffle the cards on a desk and try to organize them into 10 categories - greetings, expressions, directions... You will manage their pronunciation in a while. (Listen their corresponding audio online at the ‘Portuguese Phrases’ page, or watch the videos at the ‘Videos’ page.

If you have comments or suggestions on how to use them, please let me know. To learn Portuguese online – For FREE! – you already know where to go:

A Dream Coming True Each and Every Day

If Making a Dream Come True is Great, Imagine Two at Once!

For a long time, I had two dreams:

1. Make the Portuguese language available for as many people as possible
2. Take part more actively in my children's development and education

Nowadays, I am making both of them come true by dedicating in full time to build a Web site about the Portuguese language and creating FREE and low-cost resources for language learning.

By visiting **Learn-Portuguese-Now.com** you can download the following e-books:

- 365 Common Portuguese Words
- My Portuguese Phrasebook
- English-Portuguese Flash Cards – 100 Verbs
- English-Portuguese Flash Cards – 100 Common Words

Watch the videos, download the audio and improve your Portuguese pronunciation!

Remember: they are all **FREE**.

In case you want to make a donation to support our work, you will also receive...

- Brazilian Portuguese Lessons – *We'd Love to Hear Your Accent!*

The aim of that e-book is to enable you to express yourself in Portuguese after the very first classes. Please check the corresponding video classes online, and make the exercises. Anyway, find your own reasons and roll up your sleeves!

Time to say good-bye. Among so many Portuguese phrases I could say to close this work, I've chosen my favorite ones:

Muito obrigado.
